

OKLAHOMA MANUFACTURING ALLIANCE

CAREER PATHWAYS TOOL

VIRTUAL WORKSHOPS

Wednesday, December 9 ■ 10 a.m. to 11 a.m.

For Workforce Organizations and Partners

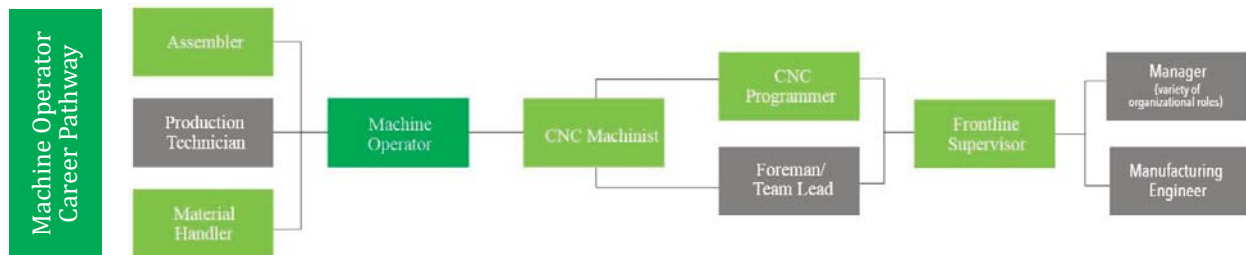

Tuesday, December 15 ■ 10 a.m. to 11 a.m.

For Industry Professionals

The Oklahoma Manufacturing Alliance has launched a workforce **Career Pathways Tool**, giving employers and workers a “roadmap” for successful careers in the state’s top manufacturing occupations. Following extensive research, the tool was developed by manufacturing leaders from around the state

Join us for one of these two free webinars and learn how the online tool can assist:

- **Small and medium-sized Oklahoma manufacturers**, who can utilize these pathways as a tool to attract potential employees to their company and as a career progression model in concert with their own advancement strategies
- **Workforce and education partners**, who can use it as a career planning and progression tool
- **Individuals** wanting to pursue or further their career in manufacturing, so they can envision a career with advancement opportunities

Presentations from industry leaders, including:

- **Monica Baker**, *Manufacturing and Maintenance Manager, PACCAR Winch*
- **Dave Younge**, *President and Owner, Progressive Stamping and Flex-Ability Concepts*
- **Sara Tracey**, *Managing Director, Workforce Services at The Ohio Manufacturers' Association*
- **Sharon Harrison, Ed.D.**, *Director of Workforce Development, OMA / Owner, Harrison Consulting Group*

Please email our facilitator, Sharon Harrison at
Sharon.Harrison@okalliance.com

She will then send you login information for this online workshop
